SUPER SEAL BUCKET

The Super Seal Bucket offers the trusted performance and high-capacity functionality you rely on, with several enhanced features to improve environmental impact, visual aesthetics, and ease of use. The new design comes with a pop top lid to reseal the bucket and lock in freshness. The bucket is constructed with third-party registered 50% post-consumer recycled materials, the Super Seal Bucket and Lid are also fully recyclable. Durable and designed for reuse, the Super Seal Bucket bucket supports sustainable operational practices over time.

- User-friendly loading design and redesigned closure mechanism to prevent towelettes from drying out
- Perfect for facilities in all industries
- Fits snugly inside all 2XL stands
- Refined Appearance that is less industrial and more suitable for public high-visibility spaces
- Designed for sustainable reuse
- Hidden Handle tucks neatly into lid when not in use
- Easy-to-identify product label for end-user efficiency
