

CERTIFICATE OF ANALYSIS
Disinfectant Efficacy Test
Against H1N1 Influenza A Virus

Supplier:	Product:	Force Disinfecting Wipes
2XL Netherlands B.V.	Batch Number:	0368043
Prins Bernhardplein 200	Expiry Date:	22/7/11
1097 JB Amsterdam	Date Received:	23 July 2009
The Netherlands	VLA Sample Reference:	MS331/09
	Test Method Reference:	QCU0483
	Date On Test:	29 July 2009 06
	Date Off Test:	August 2009
	Certificate Number:	H1N1/09/21

TEST REPORT

Toxicity Test Results

Test Dilution	Result
Neat	PASS
Negative Control	PASS

Disinfectant - Virus Test Results

Specification: To pass the test the diluted disinfectant must reduce the titre of the virus by ≥ 4.0 .

Dilution	Virus Titre	Reduction	Conclusion
Neat	≤ 0.19	≥ 4.86	PASS
Positive Control	5.05	N/A	PASS

CONCLUSION

Force Disinfecting Wipes was non-toxic to the test system and demonstrated efficacy against H1N1 Influenza A Virus at the dilution tested.

NB. This test **does not** constitute Defra approval for the use of the disinfectant against H1N1 Influenza A Virus.
